

FACILITIES AT HARTINGTON GROVE QUAKER MEETING HOUSE 2022 – 2023

The Meeting House, with a large adjacent car park, has proved itself an attractive place for small and large groups to meet.

It has recently been extended and refurbished. More space and easier access now make it an even more desirable venue.

All rooms are on the ground floor with wheelchair access throughout. One toilet is adapted for disabled users.

All rooms are centrally heated, extra power points are available, and there is fitted carpeting in all rooms except one (see separate room details).

By negotiation with the Warden, hirers can use a white board and flip chart, a projector screen and up to six folding rectangular tables which have washable surfaces and seat six comfortably.
